Disappeared With Man Offering Her Piggy Back Ride

SYCAMORE, III. P- A score of FBI agents searched this farm town today for clues to the disappearance of 7-year-old Maria Ridolph, feared kidnaped and perhaps killed by a sex fiend.

Richard D. Auerbach, special agent in charge of the FBI office in Chicago, came here to head a growing team of FBI men from Chicago and Rockford.

The FBI entered the case Wednesday night after waiting 24 hours under terms of the Lindbergh kidnap law. Throughout the night agents questioned a steady stream of known sex deviates and persons with police records.

But with each passing hour hope dwindled that curly haired Maria would be found alive. She disappeared Tuesday night while playing near her home. A playmate said a man in his early 20s had offered to give her a piggy back

High on the list of those wanted for questioning was a 21-yearold Sycamore man, recently discharged from the Air Force. The man, known as "Commando," left Wednesday morning with a companion on a trip to Miami, Fla.

Police Chief William Hindenburg said "Commando" had given piggy back rides to children. Maria disappeared Tuesday night near her home after a man in his early 20s offered her a piggy back ride. Authorities said "Commando" was driving a 1950 two-door green

Oldsmobile with Illinois license plates 3-070-398, and was believed to have taken U. S. 41 to Florida. A massive search of the surrounding countryside by an estimated 1,000 lawmen and volunteers was called off when the cold and tired searchers returned

the verge of collapse. His wife, Frances, feared the worst but expressed faith that "God's taking care of her . . . I don't think she's alive."

Anxious parents kept their children indoors and this city of 6,669 appeared to be a ghost town without the happy cries of children in the streets.

Business came to a virtual standstill Wednesday as shopkeepers closed their doors and factories dismissed workers to join the search, which fanned out throughout the county.

"TIN CAN" TREE AT JUNIOR HIGH-Darrell Cavender, Val Gene Vineyard, David Piper and Rufus McDonald are shown trimming the "tin can tree" at the Junior high school in Harrisburg. The tin can ornaments were made by the art students of the school and the tree will be lighted for the first time Sunday when the art students hold an exhibition of Christmas decorations and arrangements from 2-5 p. m. in the art room of the school. Mrs. H. B. Bauman is justly proud of the way her students have selected unusual and inexpensive materials for their creative work. ornaments for the tin can tree are made from tin cans cut with tinsnips into interesting and light catching designs and curled, bent and styled into beauty. Other trees are made from wood shavings on cardboard, paper or wood excelsior, fiberglas and chicken wire. Dried materials from the fields, cedar and pine branches and magnolia leaves have their decorative uses also. These are added to the conventional blown glass and conventional Christmas materials known to all, for a wonderful array of Christmas festivity. The public is invited to attend this exhibition Sunday afternoon and reap a wealth of material for use in planning of Christmas in the home. (Register Staff Photo)

#### Man Offering Her Piggy Back Ride SYCAMORE, Ill. (P)— A score of FBI agents searched this farm town today for clues to the disappearance of 7-year-old Maria Ridolph, feared kidnaped and perhaps killed by a sex fiend.

Richard D. Auerbach, special agent in charge of the FBI office in Chicago, came here to head a growing team of FBI men from Chicago and Rockford. The FBI entered the case Wed-

nesday night after waiting 24 hours under terms of the Lindbergh kidnap law. Throughout the night agents questioned a steady stream of known sex deviates and persons with police records.

But with each passing hour hope dwindled that curly haired Maria would be found alive. She disappeared Tuesday night while playing near her home. A playmate said a man in his early 20s had offered to give her a piggy back

High on the list of those wanted for questioning was a 21-yearold Sycamore man, recently discharged from the Air Force. The man, known as "Commando," left Wednesday morning with a com-

20s offered her a piggy back ride. Authorities said "Commando" was driving a 1950 two-door green Oldsmobile with Illinois license plates 3-070-398, and was believed

to have taken U.S. 41 to Florida. A massive search of the surcountryside by an estimated 1,000 lawmen and volunteers was called off when the cold and tired searchers returned Violetta Manufacturing Wednesday night and early today

Anxious parents kept their children indoors and this city of 6,669 appeared to be a ghost town without the happy cries of children in the streets.

Business came to a virtual standstill Wednesday as shopkeepers closed their doors and factories dismissed workers to join the search, which fanned out throughout the county.

Six Teams Open South Seven Conference Play

The strong South Seven basketball conference gets into action Friday night with six teams entering loop play including Harrisburg-Marion at Marion.

Other league attractions will be Benton at West Frankfort and Centralia at Mt. Vernon. Herrin, de fending South Seven champion and last year's state title holder, gets another week-end of non-conference play. The Tigers meet Murphysboro and Johnston City this week-end.

Right now Herrin and West Frankfort must be placed at the top of the heap, basing the placement on returning players and last year's finishes. Centralia and Mt Vernon must be placed in the next bracket with Harrisburg, Marion and Benton in the last group. In the opening statewide IIP poll the opening statewide UP poll, Herrin was ranked second and Frankfort third behind Ottawa
